

CLAM JUICE CONCENTRATE

SEA WATCH CLAM JUICE CONCENTRATE

Our Clam Juice Concentrate is made from fresh clam juice with no artificial additives. The fresh raw juice is collected daily and is standardized to 40 brix (40% total soluble solids) to ensure consistent flavor from batch to batch. Utilizing a concentrate allows formulators to vary the strength of clam flavor from recipe to recipe. 45 pounds of clam juice concentrate has the equivalent flavor of 600 pounds of single strength clam juice. Clam Juice Concentrate comes in both the Sea Clam and Ocean Clam variety. Sea Watch has developed a process generating a more consistent brix and sodium, lighter in color, and better pourability.
